### [Fatima Nouinou from the UN visits Still Waters](#)

Posted on Jun 3, 2015

Fatima Nouinou of the United Nations inspired the children of Still Waters on a recent Saturday with her stories of working with desperately poor children around the world. The students responded by writing about compassion and struggle in their lives. Fatima also amazed everyone by speaking 10 different languages! A number of the children said they wanted to be her! Gracias, Fatima!
