Subject: Candidate's Protest against Guterres who Goes from Security Council to General Assembly with No Vote

Your Excellencies,

On 13 October 2016, the General Assembly ratified the Security Council's choice **-by Acclamation-** formally Appointing **António Guterres** as a new Secretary-General for a **Five Years Term** beginning on 1 January 2017.

Guterres was pushed by both the Security Council and the General Assembly **-Controversially-** to the top global diplomatic position ensuring he -as a Man- would **Win the Election against Five Women Candidates**.

On 8 June 2021, the Security Council -presided by Estonia- recommended or nominated **António Guterres** for a **Second Term** with **No vote**, again **by Acclamation** that has become a Fashion during a UN Era of Corruption.

This means **Guterres** has been extraordinarily praised for his achievement leading the UNHCR for Ten Years and the UN during his First Term, breaking world records in **taking Bribes from the World's most Corrupt and Dictator Nations**.

Estonia, the Only Country Now Led by Women in the Entire World, cancelled an already Broken Rule of Voting in the Security Council to elect a new Secretary-General, paving the way for a **72 Years Old Incumbent to lead a 76 Years Old Organization** for a Second Term, hurriedly to secure his **Victory against about Five Women Candidates including Myself**.

Has our Planet run out of Intelligent, Dignified, Intellectual and Strong Women and Men to be considered for the Job of the United Nations Secretary-General? Or is Guterres Covering Up Corrupt Nations' Criminal Schemes at the UN?

Your Excellencies,

Should other beings living in other Planets be watching us right now how we are making fun of our world peace and security, notably oppressing and suppressing independent women making sure no political power is given to them, and if it is given to them there is an evil plan to make them oppose other women and prevent their climbing to power like what is happening to me and other female candidates by the President and Prime Minister of Estonia, those Beings in other Worlds would not only be laughing at us, but they would certainly be planning to take over our planet and run it better than us.

If we are the only living beings in this Universe, then our Ancestors -throughout our history- would definitely be screaming or crying up in the sky or in heaven watching our theater power failure, specifically Pharaoh Cleopatra, Queen Zenobia, Empress Theodora, Empress Wu Zetian, Empress Borte Ujin, Saint Joan of Arc, Pharaoh Hatshepsut, Queen Elizabeth I, Empress Maria Theresa, Princess Catherine II, Queen Victoria, Queen Lakshmi Bai and Empress Dowager Cixi as well as Indira Gandhi and Margaret Thatcher who were the First Female Prime Ministers in 20th Century.

Whether these above-mentioned women's legacies were tainted by cruelty or not -just like men's leadership tenures- women were regarded as leaders thousands of years ago. The fact that nowadays men are still threatened by the presence of women in command chair, this gives a sign that all what has been written as rules and resolutions promoting women rights and gender-equality are all poems far from becoming norms or even being considered terms to justify feminism freedom mainly that we -Women in 21st Century- are still Not allowed to Breathe, Speak Up, Oppose Men; let alone Lead Nations!

My concern is what makes António Guterres Special for our Candidacy Denial, and why are you -All Member States- Silent about this Global Discomfort. I had faith in Estonia! Who will protect Sviatlana Tsikhanouskaya who -in fear of repercussions- fled to Lithuania? And who will protect me as I applied for Political Asylum in USA fearing for my life as UN Staff Member Threatened by a Member State Number One Briber of Guterres? Estonia could have made History!

Saving Humanity, Seeing the World a Better Place and Serving for Peace and Security

Your Excellencies,

I am definitely Not giving up in my Campaign and do consider the Dialogue of António Guterres as a Solo Candidate an Illegitimate Debate, and I call the Recommendation of António Guterres to the General Assembly Without Vote -by Acclamation- an Election Corruption, taking into account that he abused his power making Your -Member States'- Funds his Campaign Funds to travel to Lobby for his Second Term and using UN Spokesperson as his Campaign Spokesperson.

I urge you -All Member States- to Not keep quiet and react because we -World Youths- no longer resist Atrocity and Dictatorship that have infected our World Body entirely. Without Guterres putting China in Power at the UN, we would not have had Covid-19. If Guterres remains SG, I am afraid we may expect either a Global Disaster or a Third World War.

Your Fair Action can start by demonstrating Integrity and Accountability and calling for a Transparent Dialogue at the General Assembly to have all of Us -Female and Male Candidates- compete with a Man who is as old as the Organization he ineptly insists to run no matter how many men are killed, how many women are abused and how many kids are raped.

I do Not need a Member State to make me a Legitimate Candidate because I have worked at the UN for about Two Decades, and I understand how Corrupt the Organization and its Crooked System are, better than many Member States which cannot depict a written rule that states that the legitimacy of a Candidate for the Secretary-General Position comes with an Endorsement of a Member State, and rely on a Common Practice which is itself leading to a Fraudulent Election.

Looking forward to hearing from Your Excellencies, please accept my highest esteem.
